Accept and Respect

As a result, we have:

- Increased the level of student voice so that you can openly share your views and experiences at our school.
- Revamped the Personal Development curriculum, including PSHE, so that our whole school community know how to **Accept and Respect** our differences.

Accept and Respect

As a result, we have:

- Made it even easier to report discriminatory behaviour and language by introducing more ways to report it.
- Introduced termly diversity days to celebrate diversity and the differences which make our school so special.

Accept and Respect

As a result, we have:

- Trained our staff to support you even better and have zero tolerance to bullying and discriminatory behaviour.
- Taken every opportunity to celebrate diversity. This includes Black History month, the holy month of Ramadan and LGBTQ+ History month.

Accept and Respect

From your student voice feedback and tutor group discussions, you have written your own Ash Green Accept and Respect Charter:

Our differences don't divide us, they are what bring us together.
